TOEFL: 82

Experience

Collaboration, National University of Singapore Oct 2023 – Mar 2024

- Collaborated with Professor Jingfeng Zhang and Doctor Xilie Xu
- Focused on adversarial learning of diffusion model and vision-language models

Collaboration, University of Auckland Apr 2024 – Oct 2024

- Collaborated with Doctor Fengqin Yao and Professor Jingfeng Zhang
- One publication about leveraging CycleGAN to dewater coastal images
- Took part in research about models fine-tuning and semi-supervised training in semantic segmentation tasks

Internship, University of California Riverside Feb 2025 – Present

- Supervised by Professor Yinglun Zhu
- Focusing on fine-tune CLIP models on semi-supervised settings

Publications
